

DIGITAL WALLETS

Mobile payment solutions are a popular lifestyle choice for customers as contactless payment opportunities expand. For financial institutions looking to expand their payment offerings into mobile, ASL is progressing with the delivery of Apple Pay and Google Pay solutions for our Members.

Through this partnership ASL is able to assist our Members pilot and implement innovative solutions that add to their customer value proposition.

KEY FEATURES OF ASL'S DIGITAL WALLET SOLUTION INCLUDE:

- Complementary payment device – in addition to cards on financial accounts
- Innovative payment option for old and new customers
- Robust security features
- Allows customers to easily make secure and private purchases in store, on Apps and in websites

MAJOR BENEFITS TO YOU

- Increases your importance to your customers
- Creates a point of difference to give you a competitive edge
- Value-add to existing products

WHY ASL?

ASL specialises in providing a range of wholesale payments services to financial institutions. ASL provides high quality, value for money and efficient service to its Members. ASL has partnerships with best of breed service suppliers to ensure that it can bring to its member clients the best solutions possible to their financial payments needs.

ASL has operated for over 20 years supporting Australian Mutual organisations, was the first non-bank to hold an Exchange Settlement Account and has an enviable performance record. ASL is an approved deposit taking institution and is supervised by the Australian Prudential Regulation Authority.

For further information on this, or any ASL product, please contact ASL.
